Our school has achieved well this year, improving reading and maths attainment for end of KS2 pupils from below national averages in 2016 to above national averages this year. We need to keep up this good work, as well as focus on improving our pupils' attainment in grammar punctuation and spelling in 2017-18. Our disadvantaged pupils usually achieve well, and most of those pupils receiving extra support made good progress. Our next step is to make sure that our pupils who achieve highly at the end of year 2, including our disadvantaged pupils, are able to achieve higher scores in their Sats tests.
