

As writers we will be exploring the features of fiction writing. We will be writing in a persuasive way, looking at instructions and learning about poetry.

We will be practising our spelling and grammar skills using games, homework and other activities.

As Mathematicians we will look at a range of written methods for addition, subtraction, division and multiplication. We will also learn about fractions, decimals, measurements, geometry and statistics.

As Scientists we will describe the ways in which nutrients and water are transported within animals and humans. We will describe the changes as humans develop from birth to old age. We will identify and name the main parts of the human circulatory system, and describe the functions of the heart, blood vessels and blood.

Mathematics

Number, place value, fractions, decimals, measurements and statistics.

Science

We will look at human biology and learn about biology to do with humans and other animals.

Computing

We will use search engines to research areas of our topic. We will continue to learn about coding.

PSHCE and RE

PSHCE: Keeping Healthy in body and mind. Keeping safe- (crucial crew trip and e-safety day).

RE: Sacred Texts- Islam, Pilgrimage – Islam and Christianity.

Literacy

Fiction Genres, persuasion, instructions and poetry.

Vocabulary building, grammar and spelling.

Medical School

The Arts

Sketching, painting, faces and form.

P.E

Multi-skills, fencing and gymnastics.

Humanities

The history of medicine.

As Artists we will work to improve our mastery different art and techniques, including drawing and painting with a range of materials. We will be looking at the work of some famous artists including Vincent Van Gogh and Salvador Dali, in an art topic based on faces.

In PE we are learning multi-skills and gymnastics. We are having 4 weeks of taster sessions of fencing.

As Historians we will learn about illnesses of the past and learn about famous scientists and their work in medicine.

Lyng CE Primary School

Oak class

Spring Term 2017

Curriculum Newsletter

Homework

Oak Class pupils will receive one piece of Maths, English and Spelling homework each week. There will also be a Topic based piece of homework which will run for the half term.

This homework is in addition to reading which should be happening every night. Parents who attended the 'Reading session' could also use the questioning we discussed.

Homework will be given out on a Monday and is due back on the following Monday, when new homework will be issued. Your reading record book should also be handed in on Monday with your homework

Thank you for your support and please see me if there are any queries.

PE and Music

This term in PE the children are learning the skills in multi-skills and gymnastics.

They need their PE kits on a Monday and Thursday.

We are having 4 weeks of taster sessions of fencing on a Friday.

In Music, the children are being taught to play the clarinet.

Dear Parents and Carers,

Welcome to the start of another exciting term in Oak class.

This year we are starting the term with a new topic based around attending Medical school.

Who knows, this could inspire some future medical careers! Along with lots of science based learning, we will go on a visit which teaches us about safety. We will be having class visits from health care professionals, learning about our dental health and first aid. We will be learning about healthy food and doing some cooking. It is a very important term for Year 6 with their SAT's tests in May. We will be revising so we can all perform at our best ready for High School. As usual, I look forward to seeing the children's independent work from their half termly homework.
