

## My Learning in Literacy

<b>I will be learning about</b>	The Human body, this will be linked to my writing and presenting an effective news report, making appropriate choices regarding language, style, structure and presentation relating to purpose and audience (marking and feedback against agreed success criteria).
<b>The aim is to...</b>	Write a report with the following features: <ul style="list-style-type: none"> <li>• My article has a short, effective headline.</li> <li>• My first paragraph is packed with information.</li> <li>• It provides a strong image and hooks the reader.</li> <li>• The beginning of my article answers the questions, who? what? where? when? and why?</li> <li>• My article is organised into many paragraphs.</li> <li>• I have included quotes from several people.</li> <li>• I have based it on an inverted triangle: as the articles progresses, the details become less important.</li> </ul>
<b>I will be able to....</b>	<ul style="list-style-type: none"> <li>▪ Children can write an effective news article in journalistic style, selecting language, form, format and content to suit a particular audience and purpose.</li> <li>▪ They can use this as the basis for a script and present it orally in the style of a radio news item in a way which is informative and engaging.</li> </ul>
<b>Helping at Home</b>	With your child, read, explore, discuss and compare a wide range of journalistic news reports, in a variety of formats, on paper and on screen.

## My Learning in Mathematics

<b>I will be learning to</b>	<p>Explain what each digit in a number represents in whole numbers and decimals with up to 2 decimal places, and partition, round and order these numbers.</p> <p>Use knowledge of place value and addition and subtraction of two-digit numbers to derive sums and differences and doubles and halves of decimals.</p> <p>Use efficient written methods to add and subtract whole numbers and decimals with up to two places.</p> <p>Use knowledge of place value and addition and subtraction of two-digit numbers to derive sums and differences and doubles and halves of decimals.</p> <p>Construct frequency tables, pictograms and bar and line graphs to represent the frequencies of events and changes over time.</p>
<b>The aim is to...</b>	Answer a range questions involving number and complete my homework involving number problems.
<b>I will be able to....</b>	<ul style="list-style-type: none"> <li>• Use brackets in simple calculations.</li> <li>• Use a range of mental calculations for all four operations.</li> <li>• Recall multiplication facts to 10x10 and quickly give division facts.</li> <li>• Use effective written methods for addition, subtraction, multiplication and division by one and two digit numbers.</li> <li>• Multiply a simple decimal by a one digit number.</li> </ul>
<b>Helping at home</b>	Work on learning all times tables together.

## Class Projects

### This term I will be learning about:

The Human body in relation to:

#### **Nutrition**

- About the functions and care of teeth.
- About the need for food for activity and growth, and about the importance of an adequate and varied diet for health.

#### **Circulation**

- That the heart acts as a pump to circulate the blood through vessels around the body, including through the lungs.
- About the effect of exercise and rest on pulse rate.

#### **Movement**

- That humans and some other animals have skeletons and muscles to support and protect their bodies and to help them to move.

#### **Growth and reproduction**

- About the main stages of the human life cycle.

#### **Health**

- About the effects on the human body of tobacco, alcohol and other drugs, and how these relate to their personal health.
- About the importance of exercise for good health.

Your child's class teacher will always be able to talk with you should you have any further questions about the information in this guide, or want to discuss your child's progress.

Your child's individual targets can be found in their Literacy and Mathematics books.
