As Historians we will learn traditional crafts from Stone Age - The Vikings. rugby and football. about the Triassic, Jurassic and As well as building a variety of models from the Cretaceous periods. same period.

Homework

Rowan pupils will receive one piece of Maths or English and spelling homework. This homework is in addition to reading which should be happening every night.

Homework will be given out on Thursday and will due in the following Wednesday. This gives the children opportunities to ask me any questions they may have about the homework before it is due in. A spelling test will be given on Wednesday for the words they learn over the week.

Thank you for your support and please see me if there are any queries.

PE and Music:

This term in PE the children are learning the skills of Tag Rugby and Football

They need their PE kits on Tuesday and Thursday.

In Music, the children are being taught ukulele and singing.

Lyng CE Primary School

Rowan class Autumn Term Curriculum Newsletter

Dear Parents and Carers

Welcome to the start of an exciting year in Rowan Class, I am already looking forward to the year ahead.

We are starting the autumn term with a new topic based around becoming Archaeologist to develop our understanding of the period from the Stone Age to the Vikings. During the first half term we will base our topic and literacy work around Stone Age to the Romans. Literacy will focus on studying a range of texts from stories with a historical setting to instructions all the way to poems. In science we will focus on Rocks and Soils especially considering the Roman's use of marble. We will enjoy making a class display of all we get up to as well as trying out many traditional crafts from cave paintings to mosaic. Also, we hope to fit in a trip to Norwich Castle Museum for a Roman day.

During the second half term we will be learning about The Vikings in order to hold a Viking afternoon in the classroom. In Science we will be looking at light and how important it is to life. We will be creating some exciting models. I look forward to seeing how your child progresses throughout the term.
