

As writers we will be exploring our:
Debating skills
Vocabulary building
Structure- spoken word,
poetry and rap. We will produce
writing based on these areas.

As Mathematicians we will practise addition,
subtraction, multiplication and division for larger
numbers, using the formal written methods of
columnar addition and subtraction, short and
long multiplication, and short and long division.

As Scientists we will recognise that light appears to
travel in straight lines and use the idea to explain that
objects are seen because they give out or reflect light
into the eye.

We will also learn about electricity, we will get some
hands on experience of circuits. We will complete &
repair circuits & make switches that work. We will look
at the dangers does electricity poses.

Mathematics

Number, place value,
fractions, decimals,
measurements and
statistics.

Science

Light and electricity.

Computing

We will create a professional
report in the form of a
PowerPoint presentation, on
the impact of economic and
trade activities on the human
and physical geography of the
Amazon Basin.
We will be reviewing E -
safety.

The Americas

Literacy

Fiction Genres, persuasion,
instructions and poetry.

Vocabulary building, grammar and
spelling.

The Arts

Sketching, painting,
pottery.

P.E

Cricket, tennis and
Sports day.

Humanities

The Americas.

PSHCE and RE

How big can a group of
people get before people's
voices don't get heard?

RE- Christianity what does
it mean to be a Saint?
The Baha'i Faith.

As artists inspired by their study of
ancient pottery, children use pottery
and painting techniques to create
their own versions of totem poles.

In PE we are learning the skills to play
rounders and take part in athletics.

We will travel around the world in this exciting
topic, as we compare disparate peoples and
places in the UK, North America and South
America. We will look at our own area and
discover the similarities and differences between
where we live and these other intriguing
locations.

Oak class

Summer Term

Curriculum Newsletter

Homework

Oak Class pupils will receive one piece of Maths, English and Spelling homework each week. There will also be a Topic based piece of homework which will run for the half term.

This homework is in addition to reading which should be happening every night.

Homework will be given out on a Monday and is due back on the following Monday, when new homework will be issued. Your reading record book should also be handed in on Monday with your homework

Thank you for your support and please see me if there are any queries.

PE and Music

This term in PE the children are learning the skills of athletics, cricket and rounders.

They need their PE kits on a Monday and Thursday.

In Music, the children are being taught singing by Mr Farington. We will also be listening to the music of South America.

Dear Parents and Carers,

Welcome to the start of summer term in Oak class. This year we are starting the term with a new topic based around The Americas.

We will be amazed by the impressive geography of the Grand Canyon in Arizona in the United States. Explore how the Colorado River, along with debris flows and weather, continues to shape the landscape. We will learn about the people who live there and see the region through the photography of Ansel Adams. We will capture some of the wonder of this place through your own art.

It is a very important term for Year 6, with their move onto High School and for Year 5, as they prepare to be the oldest in school. We will be working on our leavers assembly. We will be preparing for this big change in September. As usual, I look forward to seeing the children's independent work from their half termly homework.
