

Personal, Social, Emotional Development

- ✚ **New Management Roles** within the class to build on existing class behaviour management and problem resolution.

Physical Development

- ✚ **Free Running** - We aim to use our fundamental movement skills to travel in new and exciting ways using obstacles.
- ✚ **Yoga** - Using practical exercise and exercise talk we are discovering more about the mechanics of the body and how to protect it.

Communication and Language

- ✚ **Home Research Projects** - this is designed to explore personal interests further and to develop show and tell experiences.

Literacy

- ✚ **Story Scribing** - The children will increase the time spent writing stories. Children will continue to get actors to perform the story each day.

Mathematics

- ✚ **Application of Knowledge** - We will be using the skills that we have learnt so far this year to solve problems and further embed the current knowledge we have acquired.

Pirates

Areas of Learning and Development

Expressive Art and Design

- ✚ As our level of imagination increases with our topic, new and innovative ways of expressing ourselves will emerge. We will provide ideas for the children to use in different ways.
- ✚ We will continue to experiment with music and dance to unlock new ways to be expressive.

Understanding the World (UW)

- ✚ Exploring the World - We are exploring areas of our treasure map which link to areas of the world and then discuss these in greater depth.
- ✚ We will talk about the technology around us in greater depth and explore new ways of using them for purpose.

How you can help at home with your child's learning

Please continue to share stories - read to your child as this is great way for children to build on their imagination and story writing in the classroom.

Phonics

Please continue to practise the phonics sounds, which came home, as this will continue to build on the fluency of writing and reading.

Class Notes

Please ensure all of your child's clothes are named, including water bottles, PE kits and coats. Bottles will start going outside during playtime soon, when the sun arrives. This means that without names the chances of it getting lost may increase.

We will be running another workshop soon for you all to attend and this will be announced in a weekly newsletter.

Values

As a school we focus on one of our school values each term. This half term we are focusing on Friendship. It would be great if you could highlight any moments that you see friendship from your child, or others, to help the children build up a picture of what it is to be a good friend.

In RE, we will be exploring who might be 'special people' to us and for others. We will find out about special people for Christian, Muslim and Jewish families.

Lyng CE Primary School

Cherry Class Summer Term 1 Newsletter

Dear Cherry Class Parents and Carers,

It is sad to think that we only have one more term together. However, it is going to be a very exciting term with a lot of new challenges in store for Cherry Class.

Please continue to come in and share the learning experiences from home, as we believe in working in partnership with you to help your child achieve their very best.

Mr Rafftree and Mrs Davis
