

As writers we will be exploring the features of fiction and non-fiction writing. We will be looking at and learning about poetry.

We will be practising our spelling and grammar skills using games, homework and other activities.

RE

RE: We will be learning about Christianity focussed on the Easter story.

As Mathematicians we will look at a range of written methods for addition, subtraction, division and multiplication. We will also learn about fractions, decimals, measurements, geometry and statistics.

Mathematics

Number, place value, fractions, decimals, measurements and statistics.

As Scientists we will learn about the planets in the solar system. We will learn about how Earth orbits the sun and how the moon orbits Earth.

Science

Space.

Computing

We will continue to design a piece of wearable technology that links in with a smart phone app, using Scratch coding.

English

Fiction and non-fiction genres. Poetry.

Vocabulary building, grammar and spelling.

Coasts

Design and Technology

Designing, improving and evaluating.

P.E

Gym and Swimming

Geography

We will describe and understand key aspects of physical geography.

As designers we will work on a design for a deck chair, we will test and modify our designs. We will finish by making a model of a deck chair.

In PE we are swimming and learning gymnastic skills.

We will learn about physical geography of coasts, including learning about coastal erosion and the ways the coast can be protected.

Oak class

Spring Term 2 2022

Curriculum Newsletter

Homework

Homework is explained in your half termly homework challenges leaflet. This also includes a topic based piece of homework which will run for the half term.

This homework is in addition to reading which should be happening every night. It would be valuable for your child, to read aloud to you, 2-3 times a week, for about 5-10 minutes at a time. Please remember to sign their reading record book. When you listen to your child read, you could ask them questions about their opinion of the book and what they like and possibly dislike about it. See the questions in the half termly homework challenges leaflet.

Thank you for your support and please see me if there are any queries.

PE and Music

This term in PE the children swimming on a Thursday morning. They need their PE kits on a Monday.

In Music, the children are being taught a range of musical skills including playing the ukulele.

Dear Parents and Carers,

Welcome to the start of another exciting half- term in Oak class. This year we are starting the term with a new topic based on coasts.

In this geography based topic we will learn about the features of coasts and how coastal erosion can effect coastlines.. It is a very important term for Year 6 with their SAT's tests in May. We will be revising so we can all perform at our best ready for High School. As usual, I look forward to seeing the children's independent work from their half termly homework.
