

As writers we will be exploring the features of fiction and non-fiction writing. We will be looking at and learning about poetry.

We will be practising our spelling and grammar skills using games, homework and other activities.

PSHCE and RE

PSHCE, Taking part: We will think about our participation in and contribution to school life.

RE: We will be learning about the gospels and the Easter story.

As Mathematicians we will look at a range of written methods for addition, subtraction, division and multiplication. We will also learn about fractions, decimals, measurements, geometry and statistics.

Mathematics

Number, place value, fractions, decimals, measurements and statistics.

As Scientists we will demonstrate that changes of state are reversible and irreversible. We will identify how animals and plants are adapted to suit their environment in different ways.

Science

Changes of state and adaptation.

Computing

We will select, use and combine a variety of software (including internet services) on a range of digital devices to design and create a range of programs.

English

Fiction and non-fiction genres. Poetry.

Vocabulary building, grammar and spelling.

Earth Matters!

The Arts

Sketching, painting and form.

P.E

Dodge-ball, hand ball and netball.

Geography

We will describe and understand key aspects of physical geography.

We will learn about physical geography, including rivers, the water cycle, volcanoes, the geology and climates of mountain ranges and earthquakes.

In PE we are learning aiming and throwing skills in games, such as; dodgeball, net ball and hand ball.

As Artists we will work to improve our mastery of art and design techniques, including drawing and painting with a range of materials. We will be looking at the work of some famous artists, including Leonid Afremov, who have produced works of art based on the sea.

Lyng CE Primary School

Oak class

Spring Term 2018

Curriculum Newsletter

Homework

Oak Class pupils will receive one piece of Maths, English and Spelling homework each week. There will also be a Topic based piece of homework which will run for the half term.

This homework is in addition to reading which should be happening every night.

Homework will be given out on a Monday and is due back on the following Monday, when new homework will be issued.

Your reading record book should also be handed in on Monday with your homework

Thank you for your support and please see me if there are any queries.

PE and Music

This term in PE the children are learning the skills of dodge ball, net ball and hand ball. They need their PE kits on a Monday and Thursday.

In Music, the children are being taught how to play songs on recorders.

Dear Parents and Carers,

Welcome to the start of another exciting term in Oak class.

This year we are starting the term with a new topic based on Earth Matters! In this geography based topic we will learn about the features and key aspects of earthquakes, volcanoes, the coastline and mountain ranges. We will find out about the movement of tectonic plates and about seismic waves. We will learn about life in an earthquake zone; compile and practise a class earthquake drill and find out how buildings are built to withstand earthquakes. It is a very important term for Year 6 with their SAT's tests in May. We will be revising so we can all perform at our best ready for High School. As usual, I look forward to seeing the children's independent work from their half termly homework.
