

Hello Rowan pupils and parents,

Happy Easter and welcome to (an albeit strange) start to Summer Term! I just wanted to write a note to say that I hope you're all doing well and are staying positive in these times. The lovely weather is definitely helping!

Parents: You would have seen that weekly tasks have been uploaded for Year 3 and Year 4, with a couple of PDFs that will need printing for the children to complete certain tasks. Where possible I have given three or four options for your child to choose from, depending on the level of challenge they need. Please feel free to adapt these tasks if you don't have the necessary resources to hand or if your child needs the work adjusted depending on their ability. Do try and complete the tasks that I have set however as these will help your child settle back in to the work in class when we return to normality!

Pupils: Stay positive, stay safe and keep on smiling! I know it's quite strange being away from school, but remember to keep on learning at home, ready for when we get back. I'm missing all of the hard work and good fun that goes on in Rowan class. I'm sure there will be lots of tooth loss and funny pet stories for you all to catch me up on when we get back. Lottie and Rupert are certainly being quite cheeky at the moment!

Stay safe everybody and best wishes,

Miss Cartwright 😊
