

w/c/18.5.20

Hello again to all pupils and parents of Willow Class.

It's been really amazing to hear from even more of you and to see photos of all the things you have been doing. It is good to see so many of you working hard but it is also good to take time to relax as it helps both our bodies and our minds. It is clear that new recipes have been made, lots of exercise carried out and it sounds like an amazing amount of wildlife has been spotted, even a friendly deer!

Reading is a great way to relax and something I really enjoy. Having run out of actual library books I have discovered e books and audio books which you can borrow from the library service online or by downloading the new Libby App. It is free for adults and children so if you haven't yet discovered it try taking a look -<https://www.norfolk.gov.uk/libraries-local-history-and-archives/libraries/find-an-item>

If you enjoy listening to stories Reverend Helen has been putting some online which you may like to watch or get ideas for craft activities.

Whatever you are doing, enjoy and have fun. Learning comes in many forms!

Take care.

Have a good half term.

Mrs Tebbutt
