Student 'To-Do' List

Students will find all teacher-assigned activities under this tile. They could be curriculum activities (UPF and Courses), Problem-Solving activities or Assessments.

Explore

Explore gives students access to an array of auto-assigned activities which are aligned to their region and year group. Students can complete these activities voluntarily. They will also find Times Tables Tunes and Magic Mentors videos here.

Game-Based Learning

Play offers a range of engaging mathematical games including Live Mathletics, Multiverse and Rainforest Maths and more.

Personalised Learning Environment

The **student interface** is customisable, allowing students to create their own avatars and modify their backgrounds.

View Results

The **traffic light system** allows students to easily track their progress through each topic. Red signals require additional study, yellow signals indicate that the student's understanding is developing and green shows evidence of mastery.

Search

Students can use the search function to quickly find curriculum activities or content.

Meritopia

An engaging student reward system. Students earn points as they complete activities which opens the door to an interactive open-world game.

Celebrate Learning!

Daily and weekly point indicators let students know how many points they have earned for correctly answering curriculum activities and Live Mathletics questions, as they work towards earning certificates and claiming their place on the Mathletics Hall of Fame!

Self-Directed Learning

My progress shows the total number of activities completed, with the results clearly displayed, to allow students to identify strengths and weaknesses in their own learning.

Top 10 Tips for using Mathletics to support your child's learning at home.

Mathletics

- 1** Make sure you have your child's Mathletics username and password.

- 2** Mathletics can be accessed on PC / Mac, iOS and Android devices as well as Windows tablets and Chromebooks. For use on iPads, Mathletics can be accessed through Safari, or downloaded as a free app.

- 3** Your child's teacher has set them up with the correct curriculum content allowing your child the ability to explore independently, as well as completing any assigned work.

- 4** Encourage your child to achieve a weekly certificate, by earning 1000 points or more. You can only achieve 1 certificate each week.

- 5** Mathletics uses a traffic lighting system to show children's achievement in each activity. Activities completed with a score of 85% or more will show green Your child can see which activities they need to practice a little more by looking for any with an orange indicator – meaning they scored 50-84%. Activities in red, they will need some extra help with.

- 6** If a teacher has assigned an activity to complete it will appear in your child's To-Do List. Any items in the To-Do List need to be completed before your child can access other areas of Mathletics. If there are no items on the To-Do List, students can access curriculum and problem-solving activities under the Explore tab.

- 7** If your child finds a question difficult, remind them that there is a button at the top right hand side of each question and clicking on this will open up some support to help them.

Note: This feature is available for 'Activities', and is coming soon to 'Quests'.

- 8** Mathletics is full of great additional activities that make learning Mathematics fun. In the Play area, children will enjoy Live Mathletics, Multiverse, Rainforest Maths and Playpaws.

- 9** Practicing mathematics offline is important too! You and your child have access to printable worksheets right in their student console.

- 10** Celebrate achievements and effort

Certificates – On the right-hand side, under your child's avatar you can click to view and print certificates

Hall of Fame – On the right-hand side, under your child's avatar you can click into the Hall of Fame.

Mathletics Rewards and Recognition

Mathletics

Mathletics understands the importance of keeping your child motivated and engaged.

Different children are motivated by different rewards. From avatar credits for improvement, to points for correct answers, certificates and more, find out how Mathletics keeps students engaged in their mathematics learning.

Points: Students are awarded points for every correct answer they give in Mathletics curriculum activities and Live Mathletics. The student's weekly points score is displayed at the top of the student console. When a student has earned 1000 points in a single week they are awarded a certificate.

My daily points

In **To do**, daily points are displayed on the right-hand side.
This resets every 24 hours.

Points this week

In **My progress**, points this week are displayed on the right-hand side.
This resets each week.

Earning points

- Curriculum activities 1 correct answer = 10 points
- Are you Ready? 1 correct answer = 20 points
- Topic Tests 1 correct answer = 20 points
- Live Mathletics 1 correct answer = 1 point
Bonus Level - 1 correct answer = 2 points

Each week, students can earn a maximum of 300 points on any one activity and 600 points on any one test.

Earning certificates

1000 points earned in a week = 1 Bronze certificate
5 Bronze certificates = 1 Silver certificate
4 Silver certificates = 1 Gold certificate

Students cannot earn more than one of the same type of certificate in the same week.

Example: Student earned 2100 points in one week, student earned 1 Bronze certificate.

However, different types of certificates can be awarded in the same week.

Example: Student earned their 20th Bronze Certificate this week. This also gave them their 4th Silver Certificate, which, in turn, earned them a Gold Certificate.
