

Friday 5th March 2021 YEAR 1

Enjoy doing the activities listed.

The order to do them in is suggested below but you can change them to suit you. Please send me any work, photos or comments via Tapestry. Thank you.

MORNING

Let's get started challenge

Can you add these coins together?
How much is there?

See below for enlarged versions

Maths

Learning objective:
Can I add two amounts of money?

Introduction:

This week you have been learning about MONEY; recognising coins, counting in groups of 2p, 5p and 10p and making amounts using different coins.

Today you will be adding money.

Get out the real coins to help you.

- Often when you go to the shop you buy more than one item so you need to know how to add money.
- Look at this shop (enlarged below)

- You are going to work out how much it would cost to buy the car and the pull along crocodile.

Watch Mr Thorne does phonics - sound to recap https://www.youtube.com/watch?v=Q49YSWKPyVo 2. Now play the game below.
	Lunchtime!
<u>AFTERNOON Reading</u>	Choose one of your own books to read or read a book online.
<u>FOREST SCHOOLS</u>	<p><u>Forest schools</u></p> <p><u>Introduction</u></p> <ul style="list-style-type: none"> ➤ Spring is on its way! ➤ Watch this video- what signs of Spring can you see? https://www.youtube.com/watch?v=vLAnt9_5Mg ➤ For the next few weeks we will be thinking about Spring.

- Choose one of the activities below over the next 2 weeks.

Activities

1. Go for a walk and see what signs of spring you can see. (Sheet below if you would like to use it).
2. Buy some cress seeds, plant them and watch them grow, (see sheet below)
3. Make a grass head (see sheet below).
4. Make a nest for a bird using only natural materials. Can you find a safe place to put it?
5. Look out for patterns in the natural world e.g.

Repeating Patterns

Then make your own pattern.

Additional
notes for
parents.

Enjoy your weekend! SEE YOU BACK AT SCHOOL NEXT WEEK!

Let's get started challenge

Can you add these coins together?
How much is there?

Maths

Maths level 1 challenge: Can I add 2 amounts together?

Here is the shop:

Buy the teddy and the jack in the box.

Buy the pull along toy and the rabbit.

You can continue this on your own by choosing different items from either shop or make your own shop using your own toys.

Make a Cress Head

You will need:

- Eggs
- Cotton wool
- Felt tips
- Cress seeds

The Activity:

Cress seeds are easy and quick to grow on damp cotton wool. In this activity you can make an eggshell into a funny face with cress hair!

Instructions:

1. Depending on how you want to use the eggs, you can either hard boil them and eat them for breakfast, or crack the shells and put the raw egg to one side to use later. Either way, try to crack the shell as near to the pointed end as possible. You can throw away the smaller piece of shell.
 2. Wash the inside of the eggshell carefully and let it dry.
 3. Using felt tips, draw a face on the eggshell. Make it as funny, silly or unusual as you like. You only need to draw the features of the face, not an oval face shape.
 4. Fill the eggshell with cotton wool and pour in enough water to make it damp.
 5. Sprinkle cress seeds onto the top of the cotton wool.
 6. Put your eggshell in a light place but out of direct sunlight. Keep it well watered but not waterlogged.
 7. In a few days, your egg should start to grow its cress 'hair'.
-

Make a Cress Head

Hints and Tips

- Wash your hands after touching raw egg.
- You can sit your eggshell on an eggcup, or you could make a 'body' for it out of a slice of cardboard tube. You can decorate the tube to look like clothes if you like.
- You may have some cress seeds left over. Put some damp cotton wool into a plastic tray (the ones that contain vegetables at the supermarket are good for this) and sprinkle the rest of the seeds onto it. Once the cress has grown, cut it with scissors and use in a sandwich or a salad.
- If you have leftover raw egg, ask your helper if you can use it to make a cake.

Grass Head Science Experiment

You will need:

Old tights
Tablespoon
Soil/compost
Grass seeds
Googly eyes
Small pots (e.g. yoghurt pots)
String
Something to stick on for a pretend mouth – felt/foam/card

The Activity

1. Cut off one leg of the tights.
2. Put 2-3 tablespoons of grass seeds into the foot of the tights.
3. Next, add a generous amount of soil, until you have a nice sized ball (slightly larger than a tennis ball size).
4. Tie the tights in a knot, so the compost and seeds don't fall out.
5. Turn the head so the knot is at the bottom and pinch a 'nose' shape on the side. Tie a piece of string around to hold the nose in place.
6. Stick on the googly eyes and mouth.
7. Place each grass head into a pot to stand it up.
8. Add water to the pots. The tights will soak up the water into the grass heads.
9. You can pour a little bit of water over the heads themselves, but be careful not get them too wet. Your head should feel moist but not soggy.
10. Leave the grass heads in a sunny spot.
11. Wait for the 'hair' to grow.
12. The children will enjoy cutting and styling the hair once it has grown enough.
