Summer Term 1

Welcome back! We hope you all had an egg-cellent, relaxing Easter break and not too much chocolate! Miss Allen and Mrs Lemon are looking forward to yet another busy half term. This time we will be learning all about our topic called, 'The United Kingdom'. Here are some of the things we will be learning about throughout this half of the summer term...

The United Kingdom

This half term our Geography topic is all about the United Kingdom.

We will be discovering which countries make up the UK and what their capital cities are. We will be looking at each country's flag and how they combine to make The Union Jack.

Please look at the topic homework this half term linked to our learning of the UK.

English

Phonics: This half term we will be revisiting any sounds we are still unsure of from (RWI: Read, Write, Inc.) set 2 and 3 and having a big push on blending to really help us with our phonics screening check in June. Year 2 will be looking at a range of RWI comprehension in preparations for their end of year assessments.

Reading: We will be putting our phonic knowledge to good use to 'sound out / Fred Talk' the letters in words and 'blend' them back together to help us read - please remind your child to put their bookbags in the boxes in school to ensure their books get changed - thank you. Of course, we will still be sharing picture books and fun stories at story time every day to build up a love of reading.

Writing & Key Texts: This half term, we will be reading several books in English; 'Katy Goes to London' by James Mayhew - which will help us write a postcard. The traditional version of 'Jack and the Beanstalk' - to help us retell a fairytale. And a non-fiction book called 'A Bean's Life' - to help us write instructions to plant and grow our own magic beans!

Maths

We will continue to practice our number fluency through 'Flashback Fours' followed by a short weekly arithmetic quiz on a Thursday. This half term we will be looking at measuring length and height in cm and m. We will end the half term by looking at money. Please share coins and notes with your child so they are familiar with the worth of coins.

Please continue to use Doodle Maths daily!

Spring & Summer

In science we are continuing our daily, class weather chart and seeing if we can spot any changes as we transition through spring and into summer. We will also be looking at what happens to plants and animals during this time as we did for autumn and winter in the autumn term.

Religious Education

This term we will be answering the philosophical question: How did the universe come to be? To do this, we will be comparing the Christian and Hindu creation stories and then looking at how we can take care of our environment.

Music

Music lessons will continue to be provided by the Norfolk Music Hub - they sound so much fun! This half term is called 'Creative Time'.

Physical Education

PE will continue to be held on Thursday and Friday with Miss Cameron! Please come to school in appropriate PE kit on these days.

Notes

As much of our learning takes place outdoors, we politely request that a pair of wellies are kept in school. Please continue to bring your child's bookbag (containing their reading book and record), water bottle (with fresh WATER), a lunch box if required and a waterproof coat every day. As the weather becomes warmer, hats and sunscreen can be sent into school.

If you have any questions please do not hesitate to contact the school office. Thank you 😊
